

RIVER TEES
Hospital School

RIVER TEES HOSPITAL SCHOOL INSPIRING ALUMNI WHERE ARE THEY NOW?

Evie Riordan
2021 – 2023

"I have always tried to maintain a positive and focused approach throughout school in spite of the adversities I experienced at mainstream. I have always taken care and have had pride in my studies, but it all became too much to handle and I knew something had to change. Moving from a busy mainstream to a nurturing special school, River Tees Hospital School became my safe place. I quickly found myself again. I had a purpose and was able to share my educational journey with likeminded peers. My experience at school showed me what I wanted my career pathway to look like. I realised I had a duty, as a responsible citizen, to encourage other young people, from diverse backgrounds, to develop social responsibility for their communities. In the future, I want to participate in helping to create and shape safer environments to help us grow into mature adults."

Achieved 8 GCSEs at Grade 4 and above
(including Grade 4 in English Language & Literature and Grade 5 in Photography)

Studied: Level 3 Extended Diploma in Policing at Redcar and Cleveland College

Work Experience: Cleveland Police Cadet Programme

PROFESSION: ASPIRING POLICE OFFICER

'WE CHANGE LIVES'
